

County Recordors' Association of the State of California Document Reference and Indexing Manual

Are you having a problem in preparing and/or recording various legal documents associated with your real property-related transactions?

The County Recordors' Association of California has the answer.

We have developed and continue to maintain the Recordors' Document Reference and Indexing Manual. It provides the user with basic document requirements, what can or cannot be recorded, and definitions common to legal documentation and the recording process.

All Sections of the Manual have been appropriately updated and document titles have been cross-indexed to provide rapid location of specific recording and indexing information.

The Recordors' Document Reference and Indexing Manual is available in hard copy only. In addition, a companion binder, appropriately imprinted, is available and provides handy storage for the Manual. The newly updated 2011 manual will be available by mid-May.

For more information contact Julie Rodewald at jrodewald@co.slo.ca.us or 805 781-5144.
